Read the new city ordinances in this issue.

David Ross' horse stumbled and fell with him, inflicting some painful bruises.

The Odd Fellows decoration will take place Sunday afternoon. Several prominent speakers will be present.

Mr. Jesse Arnold has accepted a position with the Metropolitan Insurance Company. Mr. Arnold will make them a good man, and will doubtless increase their business.

Circuit Court.

This Court convenes on Monday June 21st, and at this writing there are only 19 appearance suits, and 3 murder trials. The balance of the commonwealth's docket is very small.

No Oil For Streets.

After making a thorough investigation, the City Council has decided not to oil the streets. They were advised not to oil them while they are in the present condition, as it would be a waste of too much oil.

Meet at Perryville.

The District Convention of the W. C. T. U., meets in Perryville the 16 and 17th. The following members from here will go as delegates, Mesdames Rebecca West, Fannie Fair, Ed Price, Will Lear and S. D. Cochran.

\$2,100 In Prizemoney.

The catalog of the Lancaster Fair is now in the press, and it will be most interesting when it is distributed, which will be in a few days. Their prizemoney list this year amounts to \$2,100. This is well worth working for and from reports, many are expecting a piece of this pie.

Another Lancastrian Honored.

Mr. H. W. Watson, who has been quite successful at the practice of law in Louisville has been nominated for Circuit Judge of one of the Common Pleas divisions of that city. This is a high compliment worthily bestowed, and is especially so considering the fact that he has just arrived at the age required by law to hold such an office.

Lightning Causes Fire.

About 9:30 Tuesday night the fire alarm was given and it was learned that Mrs. Rebecca West's handsome residence on Danville avenue, had caught fire by lightning entering the house on the electric wires, during a very hard storm. The lights were turned off just before the flash by which the house was brilliantly lighted. We are unable to give extent of damages. The family is thankful to the public for the quick assistance rendered.

Shooting at Richmond.

Joe Collins a young farmer of Madison county, was called to the barn Friday afternoon, by N. W. Sparks, a tobacco tenant, and shot through the bowels, death following in a few hours. We hear that the trouble arose over the tobacco crop. Sparks had not found at last reports.

Blenkenship.

Mrs. Blankenship, the aged wife of Mr. Henry Blankenship, of Preachersville, died Sunday of a complication of troubles and was buried Monday. Deceased was a splendid woman and had been a devoted member of the Baptist church for 55 years. She was the mother of Mr. John T. Blankenship, of Etowah, Tenn., well-known here.—Interior Journal.

Total Eclipse.

According to I. R. Hicks, a total eclipse of the sun is due on June 17. The eclipse will begin about 6 p. m., and will be so complete that entire darkness will prevail and chickens will go to roost. The new moon will appear on that date and will travel right along with the sun nearly all day, appearing as a bright little ring.

Jack Wins.

Mr. Jack Hulse, who is well known in Richmond on account of his pleasant company and congeniality has won the prize offered by the National Biscuit Company offered to the salesman selling the most goods in a specified time. Mr. Hulse is a right hand man to this big concern and is highly valued by it. He won the prize over 35 other competitors.—Richmond Register.

Holtzclaw-Gooch.

On Tuesday morning June 8th, Miss Zella Holtzclaw and Mr. James Gooch, both of Goshen neighborhood were married at the home of the bride's father Mr. J. T. Holtzclaw, Eld J. O. Livingston, officiating. Immediately after the ceremony the couple left to spend a happy honeymoon in Northern cities. The Richmond extends her best congratulations.

Beautiful Exercises.

On Thursday June 3, the anniversary of the birth of Jefferson Davis, the Mary Walker Price Chapter United Daughters of the Confederacy held memorial exercises in the court house. After several patriotic numbers by the local band, the Veterans of the Dave Logan Camp, the daughters and children of the confederacy marched in to the air of "My Old Kentucky Home." The president, Mrs. M. P. Frisbie rapped for order and asked the Rev. C. C. Brown to pronounce the invocation, after which the Hon. L. L. Walker in his usual happy vein introduced the speaker of the afternoon, Prof. A. H. Throckmorton, Dean of the law school of Central University, Danville, Ky.

At the conclusion of his speech which was devoted mainly to a defense of the rights of the confederacy and to a eulogy of the men who fought on the Southern side, the band played the rousing strains of Dixie and the old Veterans rose to a man and gave the rebel yell.

Miss Mary Clay Williams recited a poem—"The Old Veterans." Misses Lucy Doty and Katherine Conn rendered the duet—"With The Boys of the Sixties." By request, Mrs. Fred P. Frisbie read "The Conquered Banner" by the poet laureate of the South, Abram J. Ryan.

The exercises were concluded with the benediction after which the Veterans and Daughters repaired to the cemetery to scatter flowers on the graves of eighteen men who wore the grey.

Republican Committee Proceedings.
The Republican Committee of Garrard County met at the court house on June 3rd. The meeting was called to order by A. B. Estridge, Chairman. R. H. Watson was elected chairman and Ed Chandler secretary of the meeting. The following nominations were made for county officers: For County Judge W. O. Mays, County Attorney J. B. Herndon; Assessor J. H. McQuerry; Representative, John F. Maness; Jailer, Nathaniel Noe; Supt. of Schools, Mrs. Belle Burnside; Coroner, Frank Bourne.

After nominations the following resolutions were unanimously adopted:

Republican Resolutions.
Be It resolved by the Garrard County Republican committee and the Republicans of Garrard county in convention assembled; That While we desire a full and complete county ticket for the offices to be voted for at the ensuing election, yet it is the sense of this convention that all the candidates shall give written notice of their intention to become such to A. B. Estridge chairman on or before July 1st, 1909, and that no nominations shall be made for county offices, or a convention called for that purpose, after said date of July 1, 1909, and that the "books be closed," so far as nominations are concerned, on that date.

On receipt of such notice on or before July 1, 1909, from any one or more desiring the nomination for a county office, or offices, or from any one or more desiring instructions for district office, or offices, the chairman will call the committee together for that purpose, by proper publication and notice. 6-11-3t A. B. Estridge, Ch'm

CLOUD BURST.

One Drowned and Much Property Destroyed.

A down pour of rain, the like of which was hitherto unknown in this vicinity fell on Wednesday. It seemed to descend in sheets, for about two hours. The principal damage is East and North-East of this city, along the lowlands of Back Creek, Sugar Creek, Paint Lick and their tributaries.

The loss of the L. & N. R. R., will likely exceed \$10,000, between Lancaster and Silver Creek, consisting of a washout of about one mile of track, and a loss of two bridges, one at Lowell and one at Silver Creek. The loss to turnpike property is immense both as to destruction of road beds and loss of bridges, two having washed away on Sugar Creek pike, two on Richmond pike, one on Crab Orchard pike and likely others from which we cannot hear on account of damages done to telephone service during the storm.

The loss of farm property, consisting of fences, crops, washed land and buildings cannot be fully estimated, but will reach many thousands of dollars. Many acres of corn and tobacco were completely washed up and destroyed, of which was a loss of nine acres of tobacco on the farm of A. B. Brown, Jr. Much hemp was left flat on the ground, most of which it is believed will straighten up and make good crops. The loss in wheat is considerable, Mr. Alex Doty losing a splendid crop on his farm near Point Leavelly, his loss in that and other damages amounting to about \$2,000.

The store house owned by Mr. Warren Slavin was washed away, with the entire stock of goods, a blacksmith shop near it being washed away at the same time. The school house, for the colored, at Lowell, and 2 residences at the same place, together with other small houses on the creeks in the section described, washed away.

J. E. Dickerson, a traveling salesman, lost his wagon and trunk at Point Leavelly, they being swept away at same time the store was.

Property can be replaced but the saddest part of this story is the fact that little Lucy, daughter of William Whitaker, was drowned in Little Hickman, while her mother was crossing said creek with her and another child. It seems that they went down the second time and on coming up the mother lost her hold on Lucy, she being swept down the creek, the body being found afterwards.

Morrow-Marksbury.

Barely has any Lancaster wedding excited such wide-spread interest as did that of Miss Edith Myers Morrow, daughter of Mr. and Mrs. E. W. Morrow, to Mr. Frank Baxter Marksbury, son of Mrs. H. A. B. Marksbury, which was solemnized very quietly Wednesday morning at the home of the brides parents. The marriage ceremony was performed by Rev. C. C. Brown, pastor of the Presbyterian church. There were no attendants. Only the members of the two families and a few of the most intimate friends were present. Palms, apparatus ferns, vases and white lilies formed the artistic decorations. The bride looked pretty in a Copenhagen blue cloth with a very becoming blue hat trimmed in gray wings. Both families are prominent in this city, and both bride and bridegroom are extremely popular. The bride is a universal favorite in the community, of a lovely disposition and possessing unusual beauty. The groom is a prosperous young business man, known and liked by every one. He has been in the grain and hemp business here for several years. Many elegant presents were received. Mr. and Mrs. Marksbury left for a trip to the coast, including the Alaska-Yukon Expedition, California, Denver, Salt Lake City and Yellow Stone Park. They will be at the home of the groom after July 7. The out of town guests were Mr. and Mrs. A. H. Rice, of Richmond, Ind., Mr. and Mrs. Louis Landrum, of Richmond; Dr. and Mrs. J. M. Staughton, of Covington.

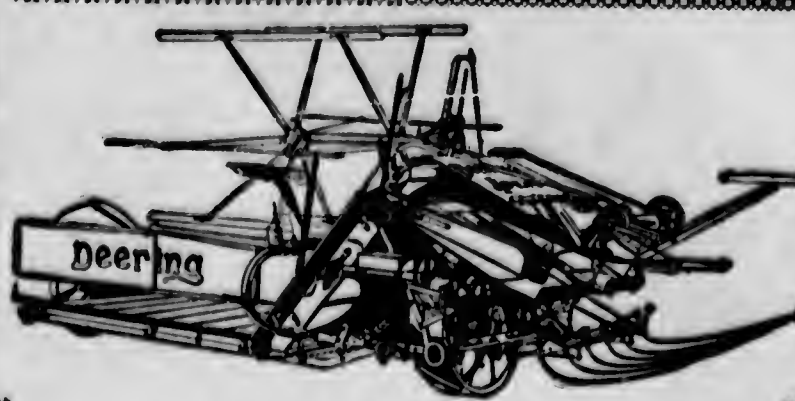

Austin-Turner.

On Thursday morning, June 3rd, Miss Fannie Austin and Mr. S. D. Turner, drove to Danville and were united in marriage by Rev. H. C. Garrison. They were accompanied by Miss Annie Turner and Mr. Mike Burnside. An elegant dinner was served to the bridal party at the Glycer Hotel. The bride is one of our most attractive young ladies, and belongs to one of the oldest and best families in the community, being a grand daughter of the late Tom K. Salter.

Mr. Turner is one of our best business men enjoying a large friendship in this locality. We extend to Mr. and Mrs. Turner our best wishes and congratulations.

It Pays.

One of the most sensible men we have met in many days dropped into our office yesterday from the Duganaville neighborhood. We were running our paper off, and noticing the hustling qualities of our merchants in the advertising line, he said: "You can't have too many ads in your paper to suit me, and I read every one you have in every issue. Your paper only costs me a dollar a year and I know my wife and I made over a hundred dollars by watching and reading the advertisements. Besides, I made \$50 from a sheep ad I saw in the Herald." It does one's heart good to meet a level-headed man like this.—Harrodsburg Herald.

Mr. Jack Adams.

The Democratic party of Garrard county is quite fortunate in having Jack Adams its nominee for jailer of the county. Everybody knows "Jack," he is everybody's friend and everybody is his friend.

He was born in Rockcastle county, February 2nd, 1852. He has had farming interests, has dealt extensively in coal and grain, has been deputy sheriff, and acted in other places of public trust, discharging his duties faithfully. He has a big heart and a strong

Mr. J. W. Hamilton.

This highly qualified young man is the Democratic entry in the race for County Court Clerk, and so far he has a walk over. Though comparatively young, he has shown good speed several times, having won in several races, going under the string several lengths ahead, and the knowing ones are anxious to back him again. He is a splendid organizer and campaigner and his work always counts in summing up the returns. His kind, affable and accommodating manner makes friends

for him, and eminently qualifies him for a place of public trust.

The office, which he seeks, is one of the most important in the gift of the people. He becomes the custodian of the records which contain the deeds and titles to all the land in the county, and proper care of and entries in these records can alone determine the rights of the people and prevent confusion and a state anarchy. Here the evidence of the real wealth of the county is deposited, and Mr. Hamilton's long and acceptable service as Circuit Clerk is a guaranty that he is fully prepared to discharge the duties of County Clerk, and a large majority of the voters will express the same opinion at the polls in November.

Excursion.

The L. & N. will run an excursion to Cincinnati next Sunday, June 13th. The fare will be \$1.75 for the round trip. Train leaves Lancaster at 5:25 A. M. A ball game between Cincinnati and New York will be played Sunday afternoon at 3 P. M.

ANNOUNCEMENT.

To the Republican party of Garrard county: I am a candidate for the Republican nomination for County Attorney, and will appreciate your support. H. D. Herndon.

The editor, in conversation recently with a farmer of the Bryansville section was very much gratified to learn that the citizens of that community were almost a unit in favor of establishing a Graded School. This farmer, who was a reading man said when the question was first agitated as to a Graded School—"I went to my lawyer and found that the law states that the County Board has the power to levy a tax of 20 cents per hundred for educational purposes, and it will take it. Graded Schools are exempt from such taxation." He said "while I have no children but I know that 25 cents per hundred will get us a Graded School, enhance my property and when I am dead the small boys will not be throwing rocks on my grave because I was against education." What say ye?

The educational awakening throughout the State of Kentucky foretells a period of mental culture and uplifting which, together with the rich mineral and agricultural resources of the State, will easily make it one of the leading states in the Union. Education is necessary to the peace and happiness of the people. While we have some splendid institutions of learning, some places have been sadly neglected. The movement to establish two more Graded Common Schools in this county is highly commendable, and if the citizens of these sections will investigate the advantages which have resulted from such an institution, in this vicinity, in keeping children at home, avoiding the expense of boarding, and increasing the value of property, they will all vote for the schools.

The lambs selected by the Republican committee for sacrifice in No

vember, are mentioned elsewhere in this issue and are well known to the public. We have no harsh words for them personally, but we fail to see why they were selected, for, when the altar is prepared and the knife drawn, there will be no voice to exclaim, "Stay Thy Hand," and the sacrifice will take place as surely as the day comes. This is not written in a spirit of levity and derision, but after a calm and dispassionate consideration. It is claimed that Democrats own more than three fourths of the property of Garrard county and that they, therefore, have more interest in supervising it.

The gates of the city of Louisville have been taken off their hinges, the city is decorated and the Shriners from many states of the union drew a crowd of about 30,000 people to that hospitable city.

We congratulate our neighboring city, Danville, on obtaining the Queen & Crescent offices and other improvements, which will add many people to that already thriving and prosperous city.

The tariff farce is still going on, and the Republicans have agreed to make a reduction of two cents on ladies' gloves, to keep them quiet, but the necessities of life will be heavily taxed.

The Souvenir and Industrial edition of the London Sentinel is a beauty and contains an abundance of good reading matter.

We expect a report soon, from the committee on right-of-way for the Interurban line.

General News.

Gov. Willson issued a statement declaring that he would do everything in his power to assist the officers of the law in discovering the men who composed the mob which lynched John Murey. The Governor strongly denounces the lynching and the lynchers.

Republican Representatives from the West returning to Washington say that the Aldrich tariff bill will not satisfy their constituents, and say they are determined to force a reduction of the rates.

At Winchester the Hurley Tobacco Society sued J. M. Higstaff, a former member of the district board, for \$50,000 damages, claiming he sold tobacco pooled with the society.

Employees actually at work in building the Panama Canal now number 20,835, as shown by the report of the Chief Quartermaster for the month of April. Of this number 4,355 are "gold" employees and the remainder are on the "silver" or labor roll. The Panama railroad force numbers 6,078 and the railroad commissary force 780. Thus the total number at work both on the canal and railroad is shown to be 33,693.

By the caving in of an excursion-boat wharf at Mandeville, La., situated on the north shore of Lake Pontchartrain, thirty miles from New Orleans, six lives are known to have been lost, and it is feared that others have perished.

Walter Wollman will leave Paris in about two weeks for Spitzbergen and the start for the North Pole will be made about August 1.

After a search of four days and nights Jasper Crum, the man who was supposed to have been kidnapped from his wife and family by a mysterious woman at Cadiz, has been found. Crum, in company with a woman, was discovered by Crum's brother and five friends at a mining camp on Beech Creek in West Virginia. Investigation proved that the kidnapping of Crum was a preconcerted plan concocted by Crum and the woman to elope. It also proved that Crum and the woman had known each other for a period of 15 years and that he had called on her several times since his marriage.

While preparing to open his store at Crockettville, Breathitt county, for business at 6 o'clock Monday morning Ed Callahan, the famous feud leader of "Bloody Breathitt" and the right-hand man of the late Judge James Hargis during the troublous times in the feud-ridden county, was shot by an enemy concealed in a coal bank about one hundred yards away. The ball entered Callahan's side, inflicting what is believed to be a fatal wound. Two physicians were summoned from Jackson. The identity of the assassin is not known, as he made his escape.

James Bludworth and June Weekly, linemen, were electrocuted at Eldon, Okla., while employed in repairing wires at the courthouse. In some manner they came in contact with noninsulated wires, 2,300 volts passing through their bodies.

In several arrests made in Columbus Marion and Dennison, Ohio, Federal inspectors and detectives who worked in conjunction with them in the case believe that they have unearthed the biggest and best organized branch of the Black Hand in this country, Marion, Ohio, being probably the head of the organization. Chief Postoffice Inspector Charles Holmes, of Cincinnati, who is in charge of the work which has resulted in the arrests so far made, is authorized by the statement that evidence has been secured showing that the gang operating from Marion and with lines reaching into a number of big cities of the country have fleeced different persons in Ohio and other States out of thousands of dollars in the last few months by the application of Black Hand methods.

Trials Brought by Good Luck. If it is hard for a man to bear his own good luck, 'tis harder for his friends to bear it for him; and but few of them can stand that trial.—Thackeray.

Good Morning.

A cheery "Good morning" often sends a ray of sunshine streaming through the innermost recesses of a household, resting there all the live long day, and again follows hastening footsteps into the marts of business, lighting up and brightening "the way of the world" as it goes. A hearty "Good night" often soothes many a troubled mind to rest, and heals the wounds which have either come anew to a struggling soul, or been re-opened by the harsh words or deeds that are spoken or done in season, as the daily battle of our life progresses.

"Good morning," with a heartfelt wish for blessing in the tone of its utterance, cheers the heart of faint and fearful ones, and softens many a hard spot that has place by inheritance or cultivation in the breasts of humanity. The love light that beams from the eye when one is greeted by such words as "Good night" lights many a weary spirit to a chamber of rest and peace and to land of pleasant dreams. The home where "Good morning" and "Good night" are carefully said one to another, are the homes of the world where good thoughts are generated, where good deeds have place and from whence go out good lives.

Then don't forget to say "Good morning;" say it to parents to children, brothers, sisters, schoolmates, teachers, friends and all you meet, and say it cheerfully with a smile. It will do you good and do your friends good. It will cheer the discouraged, rest the tired ones, and somehow make the wheel of life move more smoothly. A good morning heartily spoken makes hope fresher and brighter and seems really to make the morning good, and to be prophecy of a good day to come after it.—Richmond Climax.

Women Who Are Envious.

Those attractive women who are lovely in face, form and temper are the envy of many, who might be like them. A weak, sickly woman will be nervous and irritable. Constipation or kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. For all such, Electric Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion. Many charming women owe their health and beauty to them. See at R. E. McRoberts in

The Real Teacher.

I care not whether a man is called a tutor, an instructor, or a full professor, nor whether any academic degree adorn his name; nor how many facts or symbols of facts he has stored away in his brain. If he has those four powers: clear sight, quick imagination, sound reason, and right strong will, I call him an educated man, and it to be a teacher.—Henry Van Dyke.

Trouble Makers Quoted.

When a sufferer from stomach trouble takes Dr. King's New Life Pills he's mighty glad to see his Dyspepsia and Indigestion fly, but more he's tickled over his new, fine appetite, strong nerves healthy vigor, all because stomach, liver and kidneys now work right. See at R. E. McRoberts. 1m

Wage Earners' and Investors' Opportunity.

We will sell 18 lots on Curry Heights, Lexington Avenue, within 300 yards of the Graded School, at Lancaster, Ky., on, **Saturday, June 19, 1909** at 1 o'clock p. m.

This is the only available lot property in the city and is located in one of the most desirable sections. There is always a demand for resident property, there being no vacant houses, and 8 to 10 families seek and fail to find homes here each year. The wage earner can get a home of his own by purchasing a lot and giving a mortgage on it for lumber to build, and the person, with surplus money, can net 10 per cent by building houses and renting them.

Lancaster has a population of 2,000, is enjoying a steady growth, has one of the best Graded Schools in the State, splendid hotel facilities, electric light plant, telephone system, four churches, three banks, up-to-date merchants, tobacco, hemp and grain, warehouses to take care of the abundant crops which grow on the very fertile farms of Garrard county. No whisky is sold, and all conditions are inviting to the homeseeker. We also have one of the best systems of Water Works in the State.

\$100.00 GIVEN AWAY.

Numbers will be given to the purchasers of lots and similar numbers will be placed in a box, from which two will be drawn, and the persons holding the numbers corresponding to the numbers drawn will be credited, the first by \$75.00 and the second by \$25.00 on their purchases. Deeds to lots will provide that they are only to be used as residences for white persons.

Lots No 1 to 6, inclusive, face Lexington avenue, within 150 yards of a pavement, and old residents will assist in constructing one that distance, which will be but a small cost to each. These lots have a beautiful front, with a depth of 365 to 465 feet, some extending from Lexington avenue to Hill street.

Lots No 7 to 18 are on the proposed Hill street extension, on high ground, facing the city, with good frontage and depth and very desirable. The street can be opened at a small expense to each purchaser.

The residence and all improvements, known as the Curry home, containing about 7 1/2 acres of excellent land, will be sold at the same time.

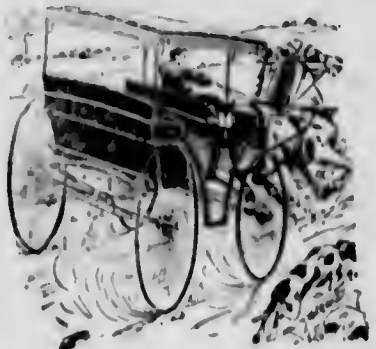

The Lancaster Lumber & Manufacturing Co., have agreed with us to furnish lumber and materials on easy terms to purchasers of the lots.

The undersigned have an option on the property, and the lady who owns it permitted them to divide it as above and offer for sale, and in order to realize the price of the property, and prevent the location of objectionable tenants, they hold the right to reject any or all bids at the close of the sale.

Terms easy, and made known on day of sale.

During the past month Mr. Taylor
sold several ear loads to different parties
at prices ranging from \$1.40 to
\$1.55 per bushel.—Jesseamine Journal.

Our Fruit Prospect.

As indicated by recent reports re-
ceived by Mr. James M. Zim, the ap-
ple specialist of Tippecanoe county,
Indiana, the present conditions indi-
cate:

Winter apples, 20 per cent; summer
apples, 25 per cent; cherries, 40 per
cent; plums, 40 per cent; pears, 25 per
cent; peaches, 80 per cent.

Grapes are refreshing wholesome
and nutritious. Eaten freely they are
a diuretic and laxative. In Germany
and Switzerland, and at the "grape
cures," patients consume from three
to eight pounds a day with the best
results. The "cure" consists in living
almost exclusively upon ripe grapes,
plucked fresh from the vines, during
the whole season.—Farmer's Home
Journal.

Cheviot sheep are noted for their
hardy constitutions and ability to
thrive under certain conditions which
are detrimental to other breeds. Pro-
fessor C. S. Plumb says the hardiness
of the Cheviot is unsurpassed among
medium wools. The rigor of winter,
spareness of fuel and intestinal
parasites, cause less suffering among
Cheviots than most other breeds.

G. H. Swinebroad our local Jersey
fancier gives us the following item of
interest in Jersey Breeders. "At the
sale of T. S. Cooper & Sons, of Cooper-
burg, Pa., May 31st, 122 head of
Jerseys were sold at an average price
of \$650 per head. The top price being
for the bull, Viola's Golden Jolly, for
\$12,000, being the highest price ever
paid for a Jersey bull at auction. An-
other bull sold for \$8,200 and the top
price for cows was \$2,525 paid by Dr.
Ridman, of Shelby county, Ky.

There is no better food for young
poultry than hard boiled eggs (about
one to ten birds), dry rolled oats, some
cayenne pepper and a little chopped
onion. Fresh water must be given fre-
quently. The habit of the turkey
mother in its native state is to find a
fresh, clean spot to hover her brood
over night. Care should be taken in
this matter, not to house the birds in
a dirty coop, night after night, but
move them frequently. Clean, dry
bare ground makes the best floor.

Don't forget to keep picking the en-
cumbers as they ripen. Look through
the vines carefully (they have a great
way of hiding in the leaves), so that
none will be overlooked; for two or
three large ones going to seed will say
all the strength of their vines, where-
as in picking them right along new
ones will form, and a continued supply
be secured.

The Bordeaux mixture is the proper
remedy to use for all fungous troubles;
viz., mildew and rust of beans; potato
and tomato rot and leaf-blight; melon
and cucumber diseases, celery leaf-
blight and rust, etc. The half-strength
mixture (two pounds copper sulphate
two pounds quicklime, fifty gallons
water) is strong enough to use in the
vegetable garden, except for potatoes.

Look out for the stupid beetles.
They often attack and destroy melons
and cucumbers as fast as the plants
appear above the ground. An applica-
tion of wood ashes, air slaked lime, or
gypsum, tainted with kerosene or tur-
pentine or carbolic acid, will help to
drive them away. If you have only a
few plants, you can easily protect each
hill by erecting a mosquito netting
guard over it until the plants begin to
run.

There are three common methods of
growing strawberries.—In hills, in
narrow matted rows, or in wide matted
rows. We prefer the second
method. Arrange the first runner
properly and securing each one in
place with a little soil or a small stone.
Then, when each row is full, cut off
all additional runners that may grow.
Keep the ground hoed and cultivate
until late fall. The finished row
should not be wider than fifteen or
eighteen inches.—Farm Journal.

A Thrilling Rescue.

How Bert R. Lane, of Cheny, Wash.,
was saved from a frightful death is a
story to thrill the world. "A hard
cold," he writes, "brought on a de-
perate lung trouble that baffled an ex-
pert doctor here. Then I paid \$10 to
\$15 a visit to a lung specialist in Spo-
kane, who did not help me. Then I
went to California, but without ben-
efit. At last I used Dr. King's New
Discovery, which completely cured me
and now I am as well as ever." For
Lung Trouble, Bronchitis, Coughs and
Colds, Asthma, Croup and Whooping
Cough it is supreme. 50c and \$1.00.

More about the Creamery

Blue Grass and pure sparkling water have made it possible
for horses to reach their highest state of development in Ken-
tucky. They will do as much for Jersey cattle. The fine flavor
given to butter by the Blue Grass of Kentucky, can not be equal
ed anywhere else on earth. The only thing that has made it
impracticable to breed Jersey herds here on a large scale was the
impossibility of marketing the butter. With the assurance that
the Creamery is here to stay, thus providing a steady and profit-
able market, it is evident that the raising of Jersey herds will
soon become one of the most profitable branches of farming.

Now a word to the wise: Don't buy a cow that looks like
a Jersey, without the assurance that she has that peculiar Jersey
characteristic, rich milk. A cow that makes less than 300 pounds
of butter fat per year is impracticable. Don't buy her and if you
have her, sell her for beef, and buy a good one.

I will take pleasure in making test for any one who wishes
them to be made without charge. Remember, however, that
the butter fat test is not the only point of consideration, but
that butter fat test times pounds of milk equal pounds of butter,
this is the end sought for.

Route No 1 runs on Lexington pike from 1 mile north of

Route No 2 begins June 14th, and runs from Lancaster to
J. Wade Walker's residence via Flat Woods pike and returns to
Lancaster on the Richmond pike.

Blue Grass Creamery, OF LANCASTER, KY.

The Question.

The Balkan war cloud is fogged,
The tariff talk is passing by;
The price of wheat may rise and fall
And never make us wink an eye.
World wide events no longer hold
Our interest, as they did of yore;
The one great question of the day,
Is, "WHAT'S THE SCORE?"

What the Town Needs.

The people of Lancaster will have
an opportunity on Saturday June 19th
to buy a beautiful lot on Lexington
street or Hill extension. There are
many persons here who are paying
that would have built, but could not
find a suitable lot. After considerable
work the real estate firm of Hughes &
Swinebroad have secured an option on
these lots, formerly known as the Cur-
ry place. Full particulars regarding
the sale appear in their ad on 3rd page.

Rural Route Information.

The following useful information in
regard to rural routes out of Lancaster
was given to us by George Smith, Jr.,
It would be wise to cut this out and
save for reference.

There are three Rural Routes out of
Lancaster as follows:—Route No. 1,
Out the Richmond pike to Hattsville,
thence Kirkville pike to Hackley
(near Joe Hunsdale's residence) thence
back to the "Old Richmond dirt road"
on Henry Hurt lane, thence to Stony
Point school house and up Hack Creek
to the Richmond pike at John Tat-
em's residence and back to Lancaster
by the Richmond pike.

Route No. 2 Out the New Dan-
ville pike to Hedgeville, thence the
Old Danville pike to "the Robinson
Lane," now a pike, over same to Bush
Branch pike and with this pike to its
intersection with the Lancaster and
Stanford pike near Barrow's pond,
thence back the latter pike to Lan-
caster.

Route No. 3. Out the Buckeye pike
to the "Wolf Trail" road at Forest
Stapp's residence, thence over said
road to Stone, thence the Poor Ridge
pike back to Lancaster.

Routes leaving Lancaster at 7:30 A.
M., returning routes 1 and 2 arrive
Lancaster 1 P. M. No. 3 at 3:30 P. M.
It is very important that patrons
along said routes when writing tell
their correspondents, when they write
to them to place the number of their
route on their letters.

Only Lost One

the City of Lancaster, Ky., that the
ordinance passed on the 10th day of
May 1909, relating to Steam Lau-
ndries and Steam Laundry agencies
be amended by striking out \$200.00
and inserting therein \$30.00, and the
license for Steam Laundries and Steam
Laundry agencies be fixed at \$20.00
and the ordinance as amended reads as
follows:

An ordinance fixing a license on
Steam Laundries and Steam Laundry
Agencies: Be it ordained by the City
Council of the City of Lancaster that
any firm, person or corporation that
shall operate a Steam Laundry or
Steam Laundry Agency in the City of
Lancaster, Ky., shall pay a license of
\$30.00 per year and the same is ap-
propriated to the Water Works fund,
provided however that the maximum
charges under this license shall not
exceed the following prices to wit:

Shirts 10c, with single 15c, Shirts,

Any one who shall violate the pro-
visions of this ordinance shall be fined
not exceeding \$100.00 for each offense
and each day shall be deemed a sepa-
rate offense. This ordinance shall
take effect from its publication.

H. T. LOGAN, Mayor.
Attest, W. R. Mason Clerk.
Approved June 7, 1909.

ORDINANCE.

The City Council of the City of Lan-
caster, Ky., do ordain as follows:

It shall be unlawful for anyone to
operate or maintain a picture show in
the City of Lancaster in any building
that adjoins any other building, but
may do so in a tent or building isolated
from any other building by paying
an annual license of \$25.00 or \$50.00 per
month at the same to be for the bene-
fit of the water works fund. The
license shall stipulate the place
where any picture show shall be locat-
ed, and the city clerk shall be the sole
judge of whether or not any proposed
place is a proper place, subject to ap-
peal to the Council by any party in
interest.

Anyone violating the provisions of
this ordinance shall be fined not ex-
ceeding \$100.00. All ordinance in con-
flict with the above are hereby
repealed. This ordinance shall take
effect from its passage and publication.

H. T. Logan, Mayor.
Attest, W. R. Mason, Clerk.
Approved June 7, 1909.

AUTOMOBILE ORDINANCE

The City Council of the City of Lan-
caster, Ky., do ordain as follows:—

First.—That no person shall
operate a motor vehicle on any of the
streets of the City of Lancaster at a
rate of speed greater than is reason-
able and proper at the time and place,
having regard to the traffic and use of
the streets, and their condition, or so as
to endanger the property, life or limb of
any person, or in any event greater
than six (6) miles an hour, subject,
however, to the other provisions of
this ordinance.

Second.—Upon approaching a
crossing of intersecting streets or a
sharp curve or a steep descent, and al-
most in, traversing such crossings, curve
or descent, a person operating a motor
vehicle shall have it under control,
and operate it at a rate of speed no
greater than four (4) miles an hour,
having regard to the traffic then on
such streets and the safety of the
public.

Third.—A person operating such
vehicle shall at request on signal by
putting up the hand from a person rid-
ing or driving a horse or horse or
other draft animal, on meeting same
bring such motor vehicle immediately
to a stop, and remain stationary so
long as may be reasonable to allow
such horse or animal to pass. If going
in the same direction he will use all
necessary precautions to avoid fright-
ening said animals.

Fourth.—Whenever a person
operating a motor vehicle shall meet
on the street any other person riding
or driving a horse or any other draft
animal, the person so operating such
motor vehicle shall reasonably turn
the same to the right of the center of
said street, so as to pass without in-
terference. Any such person operat-
ing a motor vehicle shall on overtak-
ing any such horse, draft animal or
vehicle, pass on the left side thereof,
and the rider or driver of such horse,
draft animal or other vehicle shall, as
soon as practicable, turn to the right so
as to allow free passage on the left.

Fifth.—Every motor vehicle,
while in use on any of said streets,
shall be provided with good and
sufficient brakes and also with a suit-
able bell, horn or other signal, and be
so constructed as to exhibit during the
period necessary from and after sun-
set until before sunrise, a white light
visible within a reasonable distance in
the direction towards which said
vehicle is proceeding and a red light
in the reverse direction, provided that
in case of a heavy fog, if necessary,
such lights shall be displayed in the
daytime before sunset and after sun-
rise.

Sixth.—Whoever shall violate the
provisions of this ordinance shall be
deemed guilty of a misdemeanor, and,
upon conviction, be fined not less than
\$10 (ten) dollars and more than one
hundred (100) dollars. This ordinance
shall take effect from and after its
publication.

H. T. Logan, Mayor
Attest, W. R. Mason, Clerk.
This June 7, 1909.

No Room for Doubt.

Mrs. Hargyn Hunter, who was look-
ing through the shop of a dealer in
knick-knacks, picked up a smart hand-
bag. "Are you sure," she inquired,
"that this is real crocodile skin?"
"Absolutely certain, madam," re-
plied the dealer. "I shot the crocodile my-
self."

"It looks rather soiled," observed
the customer.

"Naturally, madam," explained the
truthful dealer. "That's where it struck
the ground when it tumbled off the
tree."

Lost and Found.

Mrs. De Shopper (breathlessly)—
Did I leave my purse here? I've lost
it somewhere.

Clerk (who worked an hour showing
Mrs. De Shopper goods without being
able to sell her anything)—I will in-
quire, madam. Cash! Cash! Here a
minute! Did any of you boys find an
empty purse anywhere around here
this morning?—New York Weekly.

Worth a Thought

Why do the Tin Plate
Mills, the Metal Rolling
Mills, the Single Mills,
Lumber Yards and all
large Factories use Swan
Brand Pebble Top and
Veribest Rubber Roofing?
Why do they not use
their own Manufacture? Simply be-
cause they know ready Roofing will

A FRANK WOOING.

I love a girl with golden hair,
And eyes of violet hue;
And yet her features can't compare
With those adorning you.
Her temper is an angel's,
Her form I'll never forget—
Not I must have confessed, my dear,
That yours is better yet!

I love a girl with raven locks,
And eyes of deepest brown;
I'd walk to see her eighteen blocks,
If she were here in town.
I love her so that I would die
If she should prove untrue—
But oh! not near as much, my dear,
Do I love her as you!

I love a score of girls, I guess,
Quite faithfully and well.
Ay, I adore them more or less—
My ardent thought can quell.
But you mine can fill my cup
With joy, O maid divine!
And I will give some of them up
If you will just be mine!
—Cleveland Leader.
